# Specification

## 1. Application

This series of fuse links is mainly used in AC 50Hz, rated voltage up to 690V, rated current up to 125A and for protecting electric equipment from overload and short-circuit. It can reliably break the min. fusion current to any current within 120KA.

It is also available for the protection of semiconductor parts and equipments against short-circuit (type aR) and protection of motors (type aM).

This series of fuse links conforms to GB13539 and IEC 60269 standards.
